

CAN'T NULLIFY THE COVENANT

President Wilson will Consent to Any Reasonable Construction of Treaty of Peace

(Associated Press)
Washington, Nov. 7.—The president today told Senator Hitchcock he was entirely satisfied with any reservations supporters of the treaty might feel justified in accepting, provided they didn't nullify the league of nations covenant and were designed for the purpose of interpreting the terms of the treaty. The president agreed that no compromise should be offered unless a deadlock was reached on the resolution of ratification.

Senator Hitchcock, the administration leader in the Senate treaty fight, was summoned to the White House today by the president to discuss the program of reservations now under consideration in the Senate.

DISCUSSING THE STRIKE
The coal miners strike in particular and the industrial situation in general was discussed by the cabinet at a special meeting held today. Fuel Administrator Garfield and Director General Hines were present.

A MEDICAL EXPERIMENT
Jacksonville, Nov. 7.—State boards of health in all parts of the country are watching with interest the Florida institution's establishment of an ambulatory venereal disease clinic, which will be the first of its character in the United States. Inquiries regarding the clinic have reached Dr. Ralph N. Greene, state health officer, from all sections of the United States. If the Florida experiment is successful the measure will be adopted officially by the United States Public Health Service to be incorporated in its program for fighting venereal diseases.

The clinic, which is in charge of Dr. Daniel C. Campbell, went into operation this week at Hosford, beginning a tour that will take it to all of the outlying and labor districts of the state.

Equipped with full facilities for the treatment of venereal diseases, the clinic will do the same work as those now established in various cities and towns through the state.

As a supporting measure Dr. Campbell will carry on an educational campaign to awaken the consciousness of the people in the rural districts to the menace of venereal diseases and the necessity of their cooperation with the state board of health in its campaign for control.

The ambulatory clinic is the beginning of an aggressive campaign against venereal diseases in Florida that will rank with any ever inaugurated in another state. Dr. Lorin A. Greene, head of the venereal disease department, is now in Washington attending a conference of state venereal disease departments and the full machinery of the state board of health will be set in motion against this health problem immediately upon his return.

SOUTH LAKE WEIR
South Lake Weir, Nov. 6.—Mr. Henry Blackwelder and family of Oxford, have moved into the Buck house for the winter.

Mr. and Mrs. E. C. Albertson returned from their summer vacation. They have visited a great many western states besides Kansas and California. All are glad to welcome them home again.

A great many from here attend the big tent meeting at Weirsdale. Rev. Grant is a fine speaker and all who do not hear him miss a great treat. Saturday night he will take for his text "Saving a Soul." Everybody should go and hear him.

Miss Minnie Albertson of Jacksonville is home on a visit to her father and mother. Miss Minnie had a very painful operation about two weeks ago and is now recuperating after the same.

Mr. George A. Milly and Mr. Fred Wiseman of St. Augustine were guests of Mr. Charles Gates a few days last week.

Mrs. Maggie Bishop is out again after a spell of sickness.

Little Miss Ruby McDouglas, who has been so low for the past week with malarial fever, we are glad to report on the gain now.

The hard rains of last Sunday raised the lake five inches.

Oranges are still going forward to market every day.

Mr. C. S. Gates visited his daughter, Mrs. C. E. Brown of Webster last Thursday and Friday.

Levi Alexander Jr., who was a lieutenant in the army, and has been helping his father, all summer, has taken the position of a teacher at the Florida Agricultural school for colored boys and young men at Tallahassee. Young Alexander, who is a skilled carpenter and builder, can make much more money at his trade, but feels like he can do more good work for his people as a teacher, and it is therefore his duty to take the position in the school. He had a good college education before going in the army, and added to his education considerably by studying in the time between the armistice and his discharge. He is doing good work and deserves encouragement.

FATALITIES AT THE FIRE

Lives Lost and Many in Danger in a Blaze This Morning in an Atlanta Hotel

(Associated Press)
Atlanta, Nov. 7.—Three men are dead, two are dying and several others were seriously injured as a result of fire which partially destroyed the Wilson hotel in the business district early today. The property loss was small. There were between twenty-five and thirty persons in the building at the time of the fire, including seven women and a number of spectacular jumps to neighboring roofs were made by those who escaped. The police said the fire started from an unknown cause on the second floor.

"ALL-AMERICANS, 15;
OCALA HIGH, 7

Many of us who have desired to see one of the famous, mythical "All-American" teams in action, were given an opportunity of seeing Ocala's "All-American" eleven in action yesterday. In the selection of "All-American" teams, we should find assembled the best in the country, and our bunch of local stars, in all due modesty, admit that they have the qualifications and the ability, not only sufficient for them to be called by this name, but they are confident that by their performance yesterday they have added far greater significance and prestige to it.

The "All-Americans" began to assemble on the gridiron about 2:30 and by the time the game began they had about fifty in their aggregation. Some of them, contrary to the advice of their coach and friends, started to practice a bit in order to be warmed up for the game. Immediately the betting odds changed to Ocala-High as the favorite by 5 to 1. We fear that this "practice" was very injurious to the "All-Americans," and a good doctor could have picked up a bit of money could he have been able to have prescribed for all the ailments mentioned in this brief period of time before the game.

The game started with the "All-Americans" kicking to the Ocala High and then a merry battle started. The "All-Americans" were filled with enthusiasm, and more water than was good for them, and pretty soon the close observer noticed that a number of the "A-A's" were in distress; and King Piedmont and Queen Fatima were sounding recall, and a number of the boys had to obey. Nothing like a football game could interfere with their sense of allegiance, and the discipline that most of them learned in the army. It was really difficult to distinguish, at times, whether the two teams were engaged in a play or whether it was a bunch of substitutes going on the field to relieve their brother "All-Americans" in distress.

One thing is certain, however, the substitutes of the "All-American" team received more exercise, in running to add from the relief of their team mates than the high school had in the entire game. By a unanimous vote, the "All-Americans" have refused to play another game on Hunter Park unless there is a hydrant at every 10-yard line, with a 30-foot hose attached, so they will not experience so much trouble in getting water.

As we said before, the game started when the Ocala High received the ball on a kick-off, and the boys started off well, but it soon appeared that the weight and experience of their opponents was too much for them. The end of the first quarter found the ball on the Ocala High's 20-yard line, and after three minutes of play the "A-A's" made a touchdown, Blitch going over after he and Davis had made pretty runs of about 20 yards each. Davis kicked a goal. The teams played very evenly until the third quarter, when the "A-A's" broke through the high school's line and blocked a pass. Davis recovered the ball and went over for a touchdown. After this the O. H. team began to move in a more aggressive manner, and carried the ball straight down the field, Winer making one pretty run of about thirty yards. About two minutes after this Smith went through the line for a touch down for the high school. After this, the "A-A's" threatened to score several times, but the high school line tightened and they were unsuccessful, aided also by the further fact that they were frequently penalized for being "off-side" and the fact that the umpire tackled one of the "A-A's" who had caught a high school pass and was headed for a touchdown. (This practice is allowable only in games with the "All-Americans.")

The game ended with the ball on the high school's 10-yard line. The game was much enjoyed by a fair-sized crowd, but the Ocala people will have to do better by the high school, if we expect to have successful high school athletics. The high school plays Gainesville next Friday, at Hunter Park, and every one in town should be there, or if they can't come, let them buy tickets and help the boys along.

PRIVATIONS OF THE PEOPLE

Are Added to Daily by the Inconveniences and Hardships Resulting from the Strike

(Associated Press)
Chicago, Nov. 7.—The curtailment of passenger train service, the discontinuance of bunkering foreign vessels in American ports, restrictions in some places of use of public utilities and appeals for coal from various cities today rounded out the first week of the coal strike. Other disarrangements of the country's routine were expected today with little change in the general conditions surrounding the strike itself.

CONCLUSION OF THE ARKANSAS RIOT CASES

(Associated Press)
Helena, Ark., Nov. 7.—Prompt disposition of the remaining cases of negroes indicted in connection with race disturbances at Elaine, was in prospect when court convened today. Twelve defendants were raised today, but the charges were quashed by the state. Fifty-eight of the more than 100 negroes indicted have been found guilty and one acquitted. Of the convictions, eleven were sentenced to death.

INTENDS TO HAVE THE OFFENDERS

(Associated Press)
Paris, Nov. 7.—The supreme council today decided to appoint a commission to draft the final list of individuals charged with violations of laws whom Germany must surrender for trial.

WEIRSDALE

Weirsdale, Nov. 6.—Rev. and Mrs. E. C. Albertson arrived last Tuesday after spending the summer on the Pacific coast, and in Kansas.

A silver tea will be given at the manse next Monday afternoon at 3:30 by Mrs. M. E. Gabard, the proceeds to go to help swell the light fund which the church is raising for good lights.

All Christian Endeavorers are urged to go to the C. E. district convention to be held at Mount Dora next Saturday. It is possible to go down in the morning in time for the first session and get home before dark, so everyone who can should go.

Mrs. L. E. Peters and son and daughter, Harold and Miss Vivian of Leesburg, spent Sunday last here.

Walter Albertson, who is attending high school in Leesburg, came home last Friday for the week end.

Rev. Grant will continue his services at the tabernacle. Much interest is manifested by the good attendance in spite of the rainy weather. Next Saturday night Rev. Grant's topic will be "The Price of a Soul." Every one should come and hear Mr. Grant.

OHIO'S SLUMP WAS AWFUL

Thirst in that State Must Have Been Backing Up Since July First

(Associated Press)
Columbus, Ohio, Nov. 7.—Actual returns reported from sixty-four out of eighty-eight counties show the wetts leading on all four prohibition proposals submitted Tuesday to Ohio voters.

MRS. WHITNEY

The Star is sorry to hear of the death of Mrs. W. C. Whitney, one of Marion county's most beloved women. Mrs. Whitney was ninety-eight years old and had lived most of her life at Orange Springs. She had many friends all over the county and all that territory adjacent to her home. She died this morning at the home of her daughter-in-law, Mrs. Cora Whitney, in Jacksonville, and will be buried at Orange Springs tomorrow.

CLAUDE L'ENGLE

After long years of suffering, which he bore bravely, Claude L'Engle is dead. He passed away at his home in Ortega yesterday, and was buried this afternoon.

LARGE CROWD HEARD SERMON ON THE DEVIL

After a splendid song service last night, Evangelist Dunaway preached a great sermon on "The Devil." The main auditorium was full and several were in the annex.

Mr. Dunaway knows the Bible and gave the Bible description of the old devil. He proved that he was the father of all evil spirits.

It was a great service. Many pledged the evangelist to fight the devil and his works.

Service tonight and tomorrow night. If you are interested in souls come.

SCOUT NOTICE

All scouts are urgently requested to be at the army this afternoon at 5 o'clock. S. M. Hooper, S. M.

AT CHRISTMAS TIME

Solve your gift problems with photographs. Make the appointment today—its none too early.

REASONS FOR EARLY DATE OF ELECTION

As there seems to be more or less comment regarding the calling of the bond election at such an early date as Dec. 2nd, 1919, the board of county commissioners therefore wishes to call attention to the following communications from the state road department, which are self-explanatory, and further the board would state as information also that Mr. M. M. Smith, chairman of the department, has informed the board of county commissioners that just as soon as such as one mile of these roads has been completed the state will take that much over and so on, until these roads are completed, when the state will take them over in their entirety.

Tallahassee, August 1, 1919.

Mr. O. H. Rogers, Board of County Commissioners, Marion, Fla.

Dear Sir: Herewith I am handing you copy of a resolution which was adopted by the state road department at a meeting held in the office of the department on July 29-30. This is definite and this amount of money it would seem in justice to other counties in the state along road No. 2, will be all that the road department will be able to apportion to your county for this road out of the funds from federal and state sources under the new legislation. I hope that Marion county will get busy and get up a bond issue for a sufficient amount of money to complete through your county road No. 2 with a material which will be satisfactory to all concerned.

I also am enclosing copy of a resolution pertaining to road No. 5, and the improvement of same in your county. This resolution is also contingent. Yours very truly,

M. M. Smith, Chairman State Road Department. Time Limit for Meeting Conditions as Apportionment of Federal and State Funds

Whereas, at a meeting of the state road department held on July 29-30, 1919, in the office of the department in Tallahassee, apportionments were made of state and federal aid funds to assist in the construction of certain roads in certain counties, said apportionments being contingent upon the acceptance by the various counties of the conditions specified in the resolution adopted by this department making such apportionment; and, Whereas, it is the desire of the state road department to, as early as possible, reapportion such funds as are not accepted by any of the counties under the conditions named in said resolutions; now be it

Resolved, That in the event the proper authorities in any county shall submit to a vote of the people the question of whether or not the county shall provide funds, through bond issue or otherwise, to meet the requirements contained in the resolution adopted by the state road department, and the result of the election to determine the question shall be against providing such funds, then the state road department shall consider such failure to provide the funds to meet the conditions of said resolution as a non-acceptance of said conditions upon which state and federal funds were tendered and the department will immediately proceed to make other disposition of the funds so apportioned to said county or counties. And be it further

Resolved, That should any county, through the proper authorities thereof, fail to furnish to this department substantial and satisfactory evidence of its intention to meet the conditions of the state road department with reference to such apportionments on or before the meeting of this department to be held in January, 1920, such failure shall be considered a non-acceptance of the conditions contained in the resolution making the apportionment of funds to assist in road construction in such county.

Attest: J. P. Clarkson, Secretary of State Road Department.

Resolved that the sum of \$250,000 of federal and state aid funds, or as much thereof as may be necessary is hereby apportioned to be applied to the cost of construction of a hard surfaced road over the route of state road No. 2, in Marion county, from the Alachua county line to the Lake county line, conditioned upon Marion county providing sufficient funds to complete same with a hard surface material satisfactory to this department; all work and the expenditure of all funds to be under the supervision and control of the state road department as provided by law; and be it further

Resolved, That the chairman and the state highway engineer of this department are hereby authorized to visit said Marion county and submit the above resolutions to the board of county commissioners of said county and if the same is accepted they are hereby authorized to carry the same into effect; and be it further

Resolved, That all former resolutions and motions adopted by this department concerning this section of said road in conflict herewith are hereby repealed and rescinded.

Attest: J. P. Clarkson, Acting Secretary, State Road Department.

Resolved, That the sum of \$30,000 of state and federal aid funds, or as much thereof as may be necessary, be apportioned for the improvement of state road No. 5, in Marion county, said apportionment being contingent upon said county providing at least \$30,000 of county funds to be applied on the improvement of said road, said improvement to be of a character

ANTHONY FARMS ON A BIG SCALE

The Fine Herds of Stock on that Place are Headed by Registered Sires

It is very probable that not a few persons in Marion county are unaware of the magnitude of the farming operations on the Anthony Farms. This large farm, located just north of Antecny in this county, has 3100 acres under fence, of which 2000 acres are in cultivation this year.

There are on the Anthony Farms at present 1200 head of hogs, 700 of which are registered Durocs and Poland Chinas. The farm has forty-five Percheron mares, one registered Percheron stallion, and 100 head of mule and horse colts. The sight of these big Percherons, in Florida, is unusual. Besides these very fine animals, Mr. Beuchler has a very handsome registered saddle stallion. There are on the farm three registered mammoth jacks and ten head of mammoth and Spanish jennets. There are on the place at present thirty registered Angus cows and heifers. This herd is headed by Easton E. II., a \$10,000 four-year-old bull, weighing 2100 pounds, and Queechey Boy, a three-year-old bull, weighing 1600 pounds. Mr. Beuchler says that these are the two best Angus bulls in the South. Besides the registered stock, there are on the farms 200 head of high grade Angus cattle.

There are on the farms 300 head of high grade Dorset ewes, headed by registered rams. Another very unusual sight in Florida, is the immense barn on this farm. The barn, which is of the Canadian type, is 172x72. The second story of the barn has a storage capacity for 800 tons of hay, and there are hay carriers at both ends of the building. On the ground floor there are fifty-five tie stalls, and thirty-eight box stalls, besides feeding rooms and storage rooms.

The five silos on the place are of 265 tons capacity, and all of these at present are full. There are seven windmills and deep wells on the place. An idea of the size of the farm is to be had from the fact that it has its own sawmill, which has turned out all of the lumber for the buildings and the silos now on the place.

Mr. Beuchler is at present feeding 500 head of high grade cattle, some weighing upward of 1300 pounds already.

One of the largest stock exhibits at the State Fair in Jacksonville will be made by the Anthony Farms. A visit to the farms is more than worth while. They are reached by the Citra road, and are only a short drive by automobile from Ocala, being about ten miles north of the city.

satisfactory to this department; all work and the expenditure of all funds to be under the supervision and control of the state road department as provided by law; and be it further

Resolved, That all resolutions and motions heretofore adopted by this department in conflict herewith, in relation to said road in said county, are hereby repealed and rescinded.

Attested to by J. P. Clarkson, Acting Secretary State Road Department.

MAP AND CIRCULAR WILL SOON BE READY

Editor Star: In a previous letter to the press, I asked the taxpayers to suspend judgment on the question of bonds or no bonds for good roads, to be voted on Dec. 2nd, next, until the good roads committee could have prepared a county map, showing location of proposed roads and also to have prepared a circular giving information bearing on the whole plan for a county system of roads. This circular will offset, I think, the misinformation that is now going around on this question, and will be ready in short time, by November 15th at the latest.

We have been delayed in getting out this map by the absence of the engineer. T. T. Munroe, Chmn. Good Roads Committee.

BURBANK

Burbank, Nov. 6.—Friends of Mr. Ben Wise are glad to have him home again. Mr. Wise left in the spring to return to his old home in England, but received the sad news of the death of his mother and father, so he decided to return to Florida.

Miss Mozelle Priest spent Wednesday the guest of Mrs. H. I. Turner.

Mr. and Mrs. W. P. Vickers are rejoicing over the arrival of a baby girl, Rosalie Lisk Vickers.

Mr. C. N. Baker of Kansas City, Mo., arrived Monday and will spend the winter at his home here.

Mrs. Deborah Haldeman of Oak was here Tuesday.

Mr. and Mrs. Dale of Fort McCoy, are visiting their daughter, Mrs. Samuel Messick.

Mrs. Stigile of Lusk, Wyo., arrived in Burbank Wednesday. She will look at property here and will probably spend the winter.

Mr. T. C. Robinson returned Wednesday from Ocala, where he has been in the hospital.

W. K. Lane, M. D., Physician and Surgeon, specialist Eye, Ear, Nose and Throat. Law Library Building, Ocala, Florida.

BARBECUE! ARMISTICE DAY!

All of Marion County's Boys who were in the service during the great war, their relatives and friends---which includes all of Marion's citizens---are invited to a BIG BARBECUE and a celebration of "Armistice Day", Nov. 11, at Fair Grounds, Ocala. The celebration will last from 11:00 A. M. to 4:00 P. M. Dinner will be served at noon in army style. There will be music and community singing.

The Stores of Ocala will be closed from 11 A. M. to 4 P. M.

The boys are not asked to wear uniforms.

Come early! Bring all your neighbors! Dinner is being provided for everybody.

There will be no long-winded speeches, no political speeches, no speeches on bonds. It's going to be just a great joy Feast.
